

# Computing Sciences AY 2009-2010 Schedule

Schedule 09-10

Date: August 26, 2009

General: This is the sixth update at a schedule for AY 09-10. The schedule is based on an approved sabbatical for Lynn and provost approved course reassigned times. Megan has kindly moved her GST 364 to the winter to help out with large fall load.

A budget request was successfully submitted to have Maureen return as a full time limited term instructor for AY09-10. Karen Forcht agreed to teach 2 sections of CIS 211 again at the same times as this year. Ryan Barnard agreed to teach a section of CSC 331 in the spring 2010 semester.

## Approved releases:

- Lynn fall 2010 sabbatical (approved Friday, Dec. 5, 2008)
- Course release approved: Michele, Joel (switched semesters with Shannon)
- Shannon maternity leave for spring 2010 semester
